MORTGAGE HOUSE INVESTS FURTHER IN CENTRAL COAST BEARS

Leading Australian Home Lender, Mortgage House, has announced a further sponsorship with the Central Coast and North Sydney Rugby League associations.

Having already committed financially to the Central Coast Bear's bid to enter the NRL Premiership for the 2013 season, Mortgage House has now made a further commitment to the Central Coast Rugby League and the North Sydney Junior Rugby League.

Along with a financial sponsorship for both the Central Coast Senior and North Sydney Junior teams, Mortgage House is funding the on-field medical staff for the 17 teams in the Central Coast Junior competition.

David Fairleigh, Head of Football Operations with the Central Coast Bears, highlights the importance of this sponsorship,

"We see this as a really important starting point for Mortgage House, The Central Coast Bears, The Central Coast Rugby League and the North Sydney Rugby League, developing closer ties as we all work towards a common goal - seeing an NRL team on the Central Coast for season 2013"

Mortgage House Managing Director Ken Sayer commented,

"Mortgage House is proud to be associated with the Central Coast Bears, showing our support for the feeder teams at grass-roots level seemed the next logical step – these junior teams will provide star players of the future"

Mortgage House was established in 1986 and is a Home Loan Lender in it's own right whilst also retaining it's mortgage management & broking capabilities.
